INERT INGREDIENTS:.....**96.75%**

CAUTION

KEEP OUT OF REACH OF CHILDREN

E.P.A. Reg. No. 4-334-299
E.P.A. Est. No. 4-NY-1

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION – Harmful if swallowed. Avoid breathing dust. Avoid contact with skin, eyes or clothing. Wash thoroughly after use. Keep out of reach of children and domestic animals. **IMPORTANT:** Keep pellets away from children, dogs, and pets. Bait may be attractive to dogs. Confine pets during application to prevent them from believing they are being fed. Use and store under conditions where there will not be a hazard.

STATEMENT OF PRACTICAL TREATMENT: **If swallowed**, immediately induce vomiting by administration of syrup or ipecac or under medical supervision. Call a physician. **If in eyes**, flush with plenty of water. Get immediate attention. **If on skin**, remove contaminated clothing and wash affected areas with soap and water.

ENVIRONMENTAL HAZARDS: This product is extremely toxic to aquatic invertebrates. Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters.

This product is highly toxic to bees exposed to direct treatment or residues on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds if bees are visiting the treatment area.

This pesticide may be fatal to dogs or other pets if eaten. Keep pets out of treated area.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE & DISPOSAL: **Storage:** Keep pesticide in original container. Do not put concentrate or dilute into food or drink containers. Avoid contamination of food and foodstuffs. Store in a cool, dry place, preferably in a locked storage area. **Disposal:** **Product** – Partially filled carton may be disposed of in several layers of newspaper and discarded in trash. **Container:** Do not reuse container. Discard container in trash.

READ ENTIRE LABEL. USE STRICTLY IN ACCORDANCE WITH LABEL PRECAUTIONARY STATEMENTS AND DIRECTIONS.

DIRECTIONS: The presence of snails and slugs can be detected by their shiny mucous like trail. They are night feeders and prefer cool places in the ornamental garden, flowers, under boards, or flowerpots and around fences, hedges and bushes. If ground is dry, water area to be treated thoroughly. Do not place pellets in piles. Scatter the pellets around flowers, ornamental plants and lawn areas. Apply one pound of pellets to each 1000 sq. ft. (40 lb./acre). Apply only to soil surface around plants. Do not apply to foliage or other plant parts. Always wear protective gloves. Bait areas likely to be infested at the beginning of the spring planting season before damage occurs. Treatment every two weeks should give satisfactory control. During periods of high rainfall or frequent watering, it may be necessary to treat more often.

Sprinkle lightly with water after application. Each compressed pellet when moistened from wet ground, rain, or water expands into an efficient, pest-attracting source of bait.

GREENHOUSES AND BATH HOUSES: Distribute pellets on and beneath benches, but do not place in pots or flats unless plants are well established. Keep pellets from coming in contact with plants. If soil is dry, irrigate prior to or sprinkle lightly after distributing pellets.

FRUITS AND VEGETABLES: To control snails and slugs around the following fruits and vegetables, apply to the soil surface around the plant. Do not contaminate edible parts.

FRUITS: Apples, Avocados, Blackberries, Cherries, Citrus, Grapes, Peaches, Plums, and Strawberries.

VEGETABLES: Asparagus, Beans, Beets, Cabbage, Carrots, Corn, Cucumbers, Eggplant, Lettuce, Melons, Onions, Peas, Peppers, Potatoes, Radishes, Spinach, Squash, Tomatoes, and Turnips.

The buyer must assume all responsibility for use of this product when not used in strict accordance with directions or established safe practice, or when used under abnormal conditions not reasonably foreseeable to the seller.
